STORM-SWEPT SOUTH

A Tornado Plays Havoc in Mississippi and Kills Several People.

Much Damage to Property—A Railroad Train Struck by the Cyclone.

HEAVY LOSSES IN MANY PLACES

Hazlehurst, Miss., March 13.—A terrific cyclone passed through the southern end of Copiah and the northern end of Lincoln counties yesterday. Four or five persons were killed outright and many more seriously injured at the village of Montgomery, five miles south of Wesson, on the Illinois Central railroad. Many residences are reported to have been completely destroyed. The Illinois Central camp located there was blown away, and three negroes reported killed, besides a number of males. The southbound passenger train, No. 1, was caught in the cyclone near Montgomery and passengers say nearly every window was blown out, and the train was brought to a standstill, being unable to proceed farther on account of trees and telegraph poles and wires across the track. The passengers were almost panic-stricken, the train being in the territory of the fatal Wesson and Heaster-gate cyclone, which occurred about eighteen years ago in the middle of April. Several miles east of Wesson, in Copiah county, several residences were blown away, and one person reported killed and many injured. This place was dead to the world up to 1 p. m. today, two miles of wires being down on both sides. The track has been cleared and telegraph communication is again received.

AT WESSON.

Wesson, Miss., March 13.—A cyclone crossed the railroad four miles south and passed two miles east of here yesterday morning about 6 o'clock. It was about one-half mile wide. One man was killed and several wounded at the construction camp on the railroad. Mrs. Ike Smith, Mrs. Horechillon and G. A. Newson were wounded. The houses were completely ruined; timber, fences and houses in its way were blown down. The loss of property was large. Fields were left without any fences around them. Mrs. Little and Rowan of this city went to the scene as soon as they received the news.

TRAIN IN THE CYCLONE.

New Orleans, La., March 13.—Train No. 1, the Chicago limited, pulled into New Orleans over the Illinois Central yesterday a veritable wreck, and something over an hour late. The train was in charge of Conductor C. C. Betz, and had about 100 passengers. There was hardly a whole window pane on any one of the cars, and passengers, as they disembarked, showed plainly the effects of a frightful experience.

The dilapidated condition of the train and the plight of the passengers was explained when it was learned that the travelers had run into a well developed cyclone about two miles north of Wesson, Miss., and about 125 miles north of New Orleans. The engineer saw the storm coming, according to the report of Conductor Betz, and slowed down. As he did so the tornado hit the train. Every window on the side from which the wind came, the west, was smashed in, and the sleeping passengers were awakened in the wildest fear. They were covered with shattered glass and breathless from the force of the hurricane. Besides the track trees were being leveled and telegraph poles and wires being twisted in an awful mass of wreckage.

By a miracle not a single passenger was injured to any serious extent. They were all frightened out of their wits, however, and glad enough to have escaped alive.

NEAR TEXARKANA.

March 13.—A cyclone near Houston, a town of a thousand inhabitants, twenty miles west of here, last night and did a large amount of damage. The Methodist church, a large house and several dwellings were demolished and many other things destroyed. The farm of a man named Newton, a fine place, was blown down and crashed in the ruins. His family fled in escaping without injury.

IN TEXAS.

Houston, Tex., March 13.—Reports from Tuesday's rain and wind storm show considerable damage done at various places. About four-fifths of the state was covered by the rain, the agricultural section getting a precipitation. At Houston twenty small houses were wrecked at a loss of \$15,000. Emanuel White, colored, was crushed to death and half a dozen others were hurt, none seriously.

Mrs. Chas. Dillman, of Henderson, home at noon today after a to the family of Mr. Muscoe Bur-

SUITS FILED.

Mrs. Randolph Brings Action For Divorce and Alimony.

Alleges Cruel Treatment—Small Suits Brought Today in Circuit Court.

One of the most sensational divorce suits filed in the circuit court for some time was filed this morning by Attorney Lightfoot and Yount for Mrs. Ida Randolph, wife of L. W. Randolph, the grocer, of Second street.

The petition states that last Sunday the defendant, L. W. Randolph, knocked her down and choked her. She charges cruelty for the reason and asks for an absolute divorce and alimony, and the custody of the three children, Viola, age 17; Byron, age 15 and Marie, age 10. She also asked for an attachment on the defendant's property to satisfy a judgment she may obtain.

Nicholas, daughter of Cincinnati, a tobacco dealer, filed a suit through Attorney Lightfoot against M. Rosenblatt, the local cigar man, for a balance of \$214.15 on a bill for goods.

Ed Lucas, for the use and benefit of Geo. Jones, sued William Brown to force a deed to three lots of ground on Murray avenue.

R. H. Walters sued his wife, Mattie H. Walters, for divorce, giving account of his grounds. They were married in Illinois in 1890 and separated during that year in September.

SUDDEN DEATH

OF BROTHER CHARLES, OF MANHATTAN COLLEGE, A WIDELY KNOWN CATHOLIC EDUCATOR.

New York, March 13.—Brother Charles, president of Manhattan college, and one of the best known educators in the Catholic church of America, is dead from pneumonia at the institution of which he was rector. Only a few days ago he appeared to be enjoying the best of health. He went in a week ago last Sunday morning to attend the services in St. Patrick's cathedral, where he contracted a severe cold, which developed into pneumonia.

Brother Charles was born in Paterson, N. J., forty-seven years ago. He was chosen president of the college two years ago.

RELEASED HIM.

Evansville, Ind., March 13.—The case of Joseph A. Reynolds, charged with kidnapping his little daughter, aged six years, in Green county, Kentucky, was tried before a justice of the peace in Louisville, Ind. The court released Reynolds on the ground that under the Kentucky law a parent could not be charged with kidnapping his own child.

TWO BLAZES

BUT LITTLE DAMAGE RESULTED IN EITHER INSTANCE.

The fire departments were called out twice today to extinguish small fires in the southern portion of the city.

The first ran was made to a frame owned by Mark Lydon and situated at 523 South Eighth street. The roof had caught from a spark and little damage was done.

Shortly after noon the departments were again called out, this time to the two-story frame owned by Alex. Drury near Sixth and Tennessee streets. A portion of the roof was burned, but the damage is covered by insurance.

BOY KICKED BY A HORSE.

A small newsboy named Roberts was kicked in the right leg yesterday afternoon late by Dr. Cowgill's horse which was standing in front of the doctor's office on Broadway. The boy had been running about playing and had gotten too near the animal. The leg was bruised badly but no bones were broken. Dr. Phil Stewart dressed the limb.

MARRIAGE IN MARSHALL.

Rev. Lorenzo V. Benson, of near Olive, and Miss Nannie Gold, of near Fair Dealing, Marshall county, were married yesterday. Both are well known, the groom being a Baptist minister.

FEARS WERE GROUNDESS.

London, March 13.—General Methuen, who was captured and severely wounded by General De Laere March 10, has been released and is expected to arrive in Klek's camp, South-west Transvaal, today.

KILLED BY A TREE.

Mayfield, March 13.—Frank Errington, a well known farmer of near Pilot Oak, was killed by a tree he had just cut down. He leaves a wife and four children.

IN THE LEGISLATURE

Will Be a Felony to Steal Electric Power in Kentucky—Game Law.

The House Reconsiders the Sewer and Sidewalk Bill and Passes It.

A BANK ROBBERY IN ILLINOIS

IN THE LEGISLATURE.

Frankfort, Ky., March 13.—Senator Ferguson of McCracken this morning secured the unanimous consent of the senate to bring the bill providing a penalty for stealing electric power. The bill was adopted.

Senator Tobin called up the bill providing for the killing of quail for the purpose of sale for two years, and requested non-residents to pay a license of \$25 to hunt game in the state, which was adopted and sent to the governor for his approval.

The house reconsidered the action it took yesterday afternoon killing the bill providing for building sewers and sidewalks in fourth class cities, and adopted both measures. The bill provides that sewers and sidewalks shall be built in the discretion of the city council at the expense of the abutting property owners.

The house killed the Beed bill providing that all primary elections be held between April 1st and May 1st.

ANOTHER BANK ROBBERY.

John, Ill., March 13.—Robbers broke into the exchange bank nine miles west of here and wrecked the safe with dynamite and secured between \$2,000 and \$3,000 in cash. The robbers took a hand car on the Rock Island road and escaped.

COMMON LAW MARRIAGE

INVALID IN VIRGINIA ACCORDING TO THE STATE SUPREME COURT OF APPEALS.

Richmond, Va., March 13.—In the case of Field vs. Davis, appealed from the circuit court of Green county, the state supreme court of appeals today handed down an opinion affirming the lower court's decision and holding that a common law marriage in Virginia is invalid. The question presented in this case for the first time before the court was whether a contract entered into between a man and woman by which they mutually agreed to become husband and wife, without any celebration and without license, constituted a valid marriage in this state, and entitled the woman to dower interest from the time the agreement was made. The opinion is written by Judge Caswell.

MUCH BUILDING.

Work is progressing rapidly on the South building at Second and Broadway, the buildings on lower Broadway and the Bethesda building near Third and Broadway. The Harbour building is nearing completion, the walls being up, and it is going to be one of the largest and most imposing edifices in the city.

The Polish Textile company's new building in Mechanicburg is nearing completion, and the roof is now being placed on. It is expected that the concern will be in operation by the 21st inst.

The brick addition to the Famous Paints factory on North Eighth street has been commenced by Contractor Lockwood.

WILL ACCEPT.

Pekin, March 13.—At a meeting of the ministers of the powers it was decided that the banker's commission offered in refusing to accept the Chinese indemnity and the commission was advised to devise means to accept the Chinese tenders. The ministers were unanimous to agree on a plan to reduce the claims of the powers where there are in excess of their pro rata share of the indemnity.

FOOLISH MAN.

Washington, March 13.—Charles have been filed against Dr. Ven Hellen, German ambassador by Emil Watten, discharged attaché, declaring that he sought to effect Bryan's election in 1900.

NICARAGUAN ROUTE WINS.

Washington, March 13.—The Senate committee on Isthmian canals has decided by a vote 7 to 1 to report the Hopkinson bill, providing for the construction of an Isthmian canal via the Nicaraguan route.

Mr. W. Y. Kirkpatrick of 402 South Tenth street is seriously ill.

MARIA CHRISTINA, QUEEN REGENT OF SPAIN.

Within a few weeks the agency of this trouble ridden Austrian lady will cease in Spain, for on May 17 the young king will reach the age of sixteen and will nominally assume the reins of government. From present prospects his reign will be a stormy one.

MANY PERISH IN STEAMBOAT DISASTER.

Vicksburg, Miss., March 13.—The Vicksburg and Davis Bend packet City of Providence, was caught in a storm yesterday at Ionia, the lake at Davis Bend. The boat being light, capsized.

Captain Will Cassidy, master of the boat, and Clyde Scott, representing the Vicksburg oil mills; Dr. Lancaster, a prominent physician near Palmyra, and Head Engineer Romp, were drowned, together with thirteen of the negro deck crew and passengers.

Captains Cassidy and Scott both have families here. The tug Joe Scay has gone in the scene to secure the bodies.

Today's reports show that the dead are:

White—W. C. Cassidy, Vicksburg, master, May Romp, Cincinnati, engineer; E. Clyde Scott, Vicksburg, passenger; Dr. N. A. Lancaster, Louisiana, passenger.

Colored—George Lamb, cook; Harrison Gellner, cabin boy; Leslie Hunter, charlesmahd; Joe Neal, He Lewis, Tom Scott, What Burns, Six unknown roughabouts. Minnie Taylor, Joe Christian, passenger; Ben Richardson, passenger.

Those rescued were J. B. Johnson, pilot; Walter Kain, clerk, and J. M. Wilkinson, mate, and eight negroes.

The Providence was built at Lyons, La., in 1886 and had been in the trade here for some years; was about 100 tons burthen, and was considered one of the fastest stern wheelers on the lower river.

IS UNCONSTITUTIONAL.

HUCKSTERS CANNOT BE COMPELLED TO PAY EXCESSIVE LICENSE.

These were but three cases in the police court this morning. Judge Sanders rendered a decision in the case against Sam Cohen, a huckster, charged with violation of ordinance by refusing to pay the \$2 a day required by ordinance. A demurrer was entered to the charge, it being claimed that the law was unconstitutional, and the court sustained the demurrer, dismissing the warrant. A former ordinance requiring a license of \$25 a day was knocked out some time ago.

WORK OF INCENDIARY.

COUN CRIB AT BAKTAR KIPY.

KENDALL'S BURNED WITH CONTENTS.

Mr. Baxter Kynkoudall of near Woodville was in the city today and reports that a few nights ago some one set fire to his corn crib and it was destroyed, together with two contents. It contained about 250 bushels of corn, and the total loss is several hundred dollars, with insurance.

Mr. Kynkoudall says he will give \$100 for information leading to the discovery of the incendiary.

ROYAL VISIT CANCELED.

London, March 13.—It was officially announced that the proposed royal visit to Ireland this year has been cancelled upon the advice of the cabinet.

SPEAKING OF THE DEVIL

Have you seen that

DEMON-stration HART

Is making on

BICYCLES?

Hart's has the best wheel on the market for \$12.50.

It is made of welded tubing, the finest two-piece spring steel cranks, NEW STYLE BOX CROWN FLUSH JOINTS, Garford saddle. The largest line of higher priced wheels and BIKE SUNDRIES in the city.

Walk into Hart's; go out on a wheel.

Geo. O. Hart & Son

Hardware and Stove Company.

SOME BIG BOATS

The DeKoven Will Be Repaired Here After the Bertram is Finished.

The Illinois Central Will Repair Many of Its Transfer Boats in Paducah.

HAVE TO BE MADE HEAVIER

Inspector P. W. Hollingsworth of Floating Stock for the Illinois Central has returned from Missouri and Arkansas, where he went to locate some new inclines for the coal. At Ospe Girardeau a sandbar has about shut off one of the inclines, and it will have to be located elsewhere.

A new incline, on account of increasing business, will have to be located near Hebron, Ark., and the place selected by Captain Hollingsworth is at Glendale, Miss., across the river from Hebron. Work will begin on it as soon as possible.

It will be of considerable interest to the steamboat men of Paducah to learn that the Illinois Central will doubtless have most of the repairs on its floating stock done in Paducah. The Bertram is now on the ways and will be thoroughly overhauled. The work has progressed well and will probably be completed in two weeks.

The DeKoven will then be placed on the ways and given complete repairs. This transfer steamer is the one at Evansville. In each instance many thousands of dollars will be spent for the work. The Illinois Central, as rapidly as it can be done, will have to repair all of its transfer boats, because the new freight cars of increased capacity are much heavier than the old ones and the boats have to be thoroughly changed to make them conform to the new requirements.

FORMER PADUCAHAN.

Mr. John P. Campbell in a Critical Condition in Baltimore.

He Has Undergone an Operation for Appendicitis There.

The following item from the Hopkville New Era concerning Mr. John P. Campbell will prove of interest here, where Mr. Campbell formerly resided and has many friends. He was formerly of the Campbell-Mulvihill Coal Co. The article says:

"The many friends of Mr. John P. Campbell will regret to learn that he is lying in a critical condition in a Baltimore hospital, where he underwent an operation for appendicitis. His mother, Mrs. Mary B. Campbell, is attending his bedside."

HARRIS' COURT

THE BONDSMAN MUST PAY THE AMOUNT OF THE FINE.

The Scott case is on trial in Justice Harris' court this afternoon. Scott was recently arrested for beating a board bill and Dan Shinn went his bond of \$50 Scott appeared for trial and was fined \$25 which he did not pay. He was recognized after being fined but skipped out and the court is trying to make Mr. Simon pay the amount. It is claimed by the attorney of the defendant that the obligation of the bondsman ended when the trial was finished and that he should not be made to pay the money but the court decided that the bond held good until the money was paid over, as the contract entered into with the bondsman read that way.

The case of Dr. Fidelity against Engineer Barker, of the water works, and on alleged \$30 doctor's bill, is on trial also in that court.

STOLE EX GOVERNOR

HOGG'S WATCH.

New York, March 13. Jose Dias Alvarez, a young Mexican, has pleaded guilty to stealing the \$300 gold watch of Former Governor Hogg of Texas on October 21st in the Wallor, Astoria.

Counsel for Alvarez said the defendant came from Mexico with some money and stayed at the Wallor. He was in the elevator one day with Governor Hogg and took his watch.

Alvarez was sentenced to the Elmira reformatory.

COLONEL JOUETT HENRY HERE.

Colonel Jouett Henry of Hopkville, the well known state guard officer who mustered in Company K during the Spanish-American war, is in the city on business. Colonel Henry is a prominent Elk and has many friends in Paducah who are always glad to see him.

DEATH IN GRAVES.

Mayfield, March 13.—Mr. U. J. Bennett, an old and influential citizen, died at his home two miles east of the city at the age of eighty-five years, of old age. Mr. Bennett was the father of Messrs. Henry, Hol and John Bennett and was quite well thought of.

BARGE OF SALT SUNK.

The towboat T. H. Davis, while going over the falls at Louisville with a tow of three barges of salt, struck the north pier of the Louisville bridge at the Indiana chute. One barge was sunk. The Davis proceeded on her way. The large sank in deep water.

Subsided For The Sun.

BIG ATTENDANCE.

Elks Will Hold Their Regular Meeting This Evening.

New Paraphernalia Arrived—Two Candidates Carnival News.

WHAT THE DOCTORS DID LAST NIGHT

The Elks will meet this evening in regular session, and it is desired that a large crowd attend. The new paraphernalia ordered some time ago by the lodge, and costing about \$100, arrived today, and will be used for the first time tonight. There will be two candidates for initiation, and the attendance will likely be large.

Additional nominations will also be made this evening for the various lodge offices to be filled at the annual election the last of the month. Quite a number were nominated last Thursday.

The soliciting committee is meeting with liberal responses wherever it goes. The members are desirous of making the carnival a go, and are donating liberally.

Mr. J. Stoddard Robinson, local agent for the Wilcox stamp factory, has ordered the twenty special police stars, and they are expected shortly. Mr. James E. Robertson is chairman of the police committee, and has decided that during the carnival the special officers shall report at headquarters twice a day. Men will be on duty day and night to protect all property, and preserve order.

The county store committee is receiving more commendations notifying it that donations will be made for the carnival, and many others are expected.

The music committee last night decided on employing Dean's band to furnish music for the carnival. This band is about as good as any to be found in this part of the country, and is in excellent trim.

Messrs. B. Wille and Sons have received from a big umbrella firm in the East three fine umbrellas, mounted in sterling silver, with handsome Elk head handles, as a donation for the country store. They have also received some fine neckwear, and has the promise of many other things.

MARRIED IN EVANSVILLE

MISS ALMA REIS AND MR. SYDNEY MITCHELL WED LAST EVENING.

Miss Alma Reis, a popular young lady of Evansville, who has often visited Paducah, and Mr. Sydney Mitchell of Memphis were married last evening at the bride's home in Evansville. An Evansville dispatch says:

"Miss Alma Reis, the beautiful daughter of Henry Reis, cashier of the Old National bank, was married this evening to Sydney Mitchell of Memphis, at the home of the bride's parents. It was a beautiful home wedding. The officiating clergyman was Rev. J. L. Marquess of Grace Presbyterian church.

"The house was filled with the society people of the city, of which Miss Reis has been a prominent figure for several years. Miss Reis was the maid of honor, but the groom was not attended. A luncheon was served after the nuptials, when the young couple left on a trip homeward to St. Louis. They will be at home in Memphis after April 20.

"Mr. Mitchell is the son of the late B. F. Mitchell, one of the prominent railroad men of this city, and was himself a valued employee of the Illinois Central while in this city. His bride is a beautiful brunette and a prominent young society belle."

BOILER EXPLODED.

SAM BURTON, AN ENGINEER, IS HORRIBLY MANGLED.

Tiptonville, March 13.—The boiler at the sawmill of B. W. Fleming, at Blue Park, burst and Sam Burton, the engineer, was instantly killed. His body being blown almost entirely away. Only four small pieces of the body were found, and these were picked up several yards from the scene of the explosion. Tom Willis, another employee of the mill, was injured by flying timber, but his injuries will not prove fatal. The mill property was wrecked. Mr. Burton was a resident of Horaback, Ohio county, and leaves a wife and three children.

PREACHED LAST EVENING AT FIRST CHRISTIAN AND BROADWAY METHODIST REVIVAL.

Largo crowds and a deepening interest have marked the revival services at the First Christian church each evening. Rev. F. G. Tyrrell is making a fine impression as an eloquent speaker. His sermon last evening was on "The Larger Salvation," and dealt with it as a progressive work from beginning in forgiveness on through the various stages of methods of development, for the Gospel is a way of culture that fits us for a higher and better life in heaven, where salvation finds its completion.

This song service is a very delightful feature of each service.

Dr. G. W. Briggs preached very eloquently on "The Hamlet of the Gospel" last evening at the Broadway Methodist church. There was no addition to the church last night. The services at this church have been discontinued until after Sunday.

The Sen has removed to the old News stand, 115 South Third street.

Who waits and watches and who always works."

TAXATION OF CAPITAL.

(Louisville Post.)

The Evening Post yesterday called

attention to the good work done by

the legislature in the defeat of various

measures designed for the restraint of

the citizen in making contracts, in invest-

ing money and in earning a living.

We believe that the purpose of the

Kentucky legislature is to give

effect to public opinion in the state.

We believe that public opinion in

Kentucky wishes to see our laws pro-

tect labor, deal justly with capital

and encourage the development of the

natural resources of the state.

During the discussion in the house,

many of the worst features of the re-

venue bill have been stricken out, but

there is enough mischief in the bill as

it stands today to cause the downfall

of a stronger party than the Demo-

cratic party. There are numerous tax

provisions from which the revenue

must be slight, but from which the

unpopularity will be great, and it is al-

ways a mistake in politics to seek out

new avenues of taxation unless the

demand for revenue is imperative. In

the face of a great emergency caused

by widespread disease or war, a free

people will submit uncomplainingly to

almost any scheme of taxation, but

when the necessity passes discontent

will arise.

If labor is to be employed, if the

mineral resources of Kentucky are to

be developed, if traffic on the roads is

to increase and new roads built, we

must demonstrate to the world of cap-

ital that Kentucky has no unfriendly

feeling to investors, and that while it

is not offering bonuses and sub-

sidies, it offers them something better

than either, and that is impartial jus-

tice and equal privilege before the law.

All over the state of Kentucky we

see a new spirit of energy and enter-

prise. The oil fields of Kentucky are

attracting the attention of the whole

country. Hundreds of prospectors are

in the state seeking to determine

whether or not this is an oil field

worth the attention of capitalists. We

should not at such a time as this ex-

periment with ill-considered measures

or put upon the state books laws that

would retard the development of the

state. The best way of promoting the

prosperity of our own people is to

deal justly with capital and immi-

grants invited to our state by the op-

portunities we can offer for invest-

ment and employment.

The Evening Post has said hereto-

fore that it does not believe that the

people would object to any increase in

the tax rate required by a government

economically administered. We be-

lieve that all the necessities of the

case may be met by an increase in the

rate of 50 cents. A simple bill to this

effect would arouse no opposition, and

would produce as much revenue as a

more complicated and burdensome sys-

tem involving inequitable process

that Andrew Carnegie multiplied de-

tails by "the law as a revenue agent."

As we have the ability and directness

in our law, and we then will have no

need for a complicated system of col-

lections.

WILL NEVER GIVE UP.

Rudyard Kipling seems to be the

British W. J. Bryan. He has lately

been "kneeling" his own country in

the war with the Boers, and now avers

to find it cheering to learn that the

Americans are having the same kind

of trouble in the Philippines, which

he ascribes to "the pig-headedness of

the military and their habit of setting

billings to catch rabbits." In a letter

Mr. Kipling wrote to a correspondent

who had called his attention to

American methods in the Philippines,

he said: "You cannot persuade a big

country, full of prosperity, that it does

not know everything. When it has

out a few thousand men, a few thou-

sands of millions sterling, it may, if un-

usually enlightened, begin to understand

that it has taken hold of the wrong

This is the age of the self,

one of the most positive

that this is an age of

City Work,

end of the stick. But that is a great deal to hope for and probably will not come in our time. I am very glad to learn, on your showing, that the American seems to be "constantly" in- capable of admitting himself wrong, and frankly putting himself in the wrong, because I did not like to think of the Americans as any more logical than ourselves. Of course what a new country wants is a higher toned despot of unlimited powers and absolute integrity, but as America and England are both free peoples we must just muddle along in the expensive, wasteful but ohery fashion that attends our methods."

This is very good logic, perhaps, and first class sarcasm, but as applied to American efforts to suppress rebellion in the Philippines it is somewhat away. The United States does not propose to know everything, but it knows it has never yet met defeat, and it would be a bad idea to begin now with a few fractions savages on our own property. It is fully understood that a great sacrifice has been made, and they continue to be made, in suppressing the Philippines, but the government cannot afford to sacrifice principle now for the sake of saving either soldiers or money. It was mainly principle that the North and South fought over, and for which they sacrificed so many lives and so much property. Principle is worth just as much now as it was then. The American flag is supreme in the Philippines. It must float there as long as the islands are ours.

A GOOD MOVE.

Paducah's doctors deserve credit for their enterprise. They have always advocated a new and appropriate city hospital for Paducah, because there is no one in better position to know the imperative need of one than the doctors. The present hospital is a reproach to a city of Paducah's pretensions. It is one that would have been inadequate twenty years ago. It is located in a very inconvenient spot, instead of near the center of the city, and has hardly room enough to properly accommodate one large family. The suggestion of the medical society embodied in the resolution it passed last night for a sanitarium to be established in a portion of the building and occupied only by pay patients is a good one and would make the new institution a source of revenue as well as a godsend to the poor. Paducah is now virtually a second class city, and should have a hospital in keeping with her progressiveness and importance, as well as with the constantly growing demands among the indigent. It is hoped the city council will take up the matter at once. It is not necessary to appoint committees to muddle along with it for a month or two. Every councilman ought to realize the need of a new city hospital without any investigation and begin immediately the effort to get it.

It seems that "Rev." Ed P. Crowe, the temperance lecturer who was fined in the police court here recently for drunkenness, has other weaknesses besides his love for booze. When he was fined here the Louisville papers contained brief mention of it, and yesterday's Times says: "Rev. Ed P. Crowe, formerly pastor of a Methodist church at Owensboro, who left the active ministry on account of an unfortunate love for strong drink, denies the statement in a recent dispatch from Paducah that he had been arrested and fined here for drunkenness. In a letter to relatives in Louisville he says of the charge:

"I was not drunk on the streets of Paducah and arrested there, but I did strike a man in self defense, and was fined \$1 and costs, \$7.65 all told, but it was the least fine, and the police judge gave this to me on my confession. I am not drinking a drop. In fact, I have just signed a contract to stamp the state of Tennessee for the prohibition party at \$150 a month and my expenses. The people who employ me know the truth of the Paducah matter."

If Rev. Crowe wrote that he wrote something he knew was false, he was fined here for a plain, common drunk, and pleaded guilty, as the court records show.

The gates of Yeller park have been closed. The park has no apparent use, unless it is to pass through and save citizens a walk, and it ought to be kept open. If it is closed to keep out the numerous varieties of live stock

WHY STAY PALE?

A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

Scott's Emulsion does a few things well. One of them is to give rich red blood to pale girls. There is a reason for it.

But perhaps you are more interested in results than in reasons.

The result of steady daily doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of good health.

Scott's Emulsion is blood food.

THE PADUCAH SUN

THE PADUCAH SUN

Graceful Women

A taste for perfect figure is inseparable from a love of the beautiful.

The secrets of the beautiful, slender and graceful figure are not in the diet, but in the use of the body. It is a woman's duty to keep her figure in perfect condition, and to do so she must use a reliable and effective method. The secret of the beautiful figure is in the use of the body. It is a woman's duty to keep her figure in perfect condition, and to do so she must use a reliable and effective method.

Bradford's Female Regulator

In regulating the female system, the use of the body is the most effective method. It is a woman's duty to keep her figure in perfect condition, and to do so she must use a reliable and effective method. The secret of the beautiful figure is in the use of the body. It is a woman's duty to keep her figure in perfect condition, and to do so she must use a reliable and effective method.

THE BRADFORD REGULATOR CO.

ATLANTA, GA.

that make that vicinity a loafing place,

it will have to be re-opened for the

sake of consistency, if nothing else.

If the city council can afford to allow

cows to run at large throughout the

city, on streets, lots and in people's

yards, it certainly cannot deny them

the same privileges in Yeller park.

At any rate the park gates have been

closed, and without the authority of

the council. The county has nothing

to do with the park, and neither has

any county officer. The city took

charge of it several years ago, and

agreed to keep it up, and the county

has since declined to have anything to

do with it. It is hoped that the gates

will be again opened, as it occasions

great inconvenience to close them.

There will perhaps be little regret

over the failure of the legislature to

pass the capital appropriation bill.

Nearly every move in that body has

indicated that the intellectuality of

the legislators is of a very inferior

kind. It was believed that the time

had come to move the state capital,

and if new executive and legislative

buildings were to be built, to build

them in a centrally located city more

fitting for supposing edifices. But the

legislature in its wisdom didn't think

so. It defeated the capital removal

proposition, which would have sim-

ply referred the question to a vote of

the people, and revealed the true sen-

timent throughout the state. Since

the state capital cannot be changed, it

is probable there will be general re-

joicing that a million dollars was not

appropriated to put up a lot of fine

buildings in a two-by-four town like

Frankfort.

It is presumed that all hope of

street sprinkling, clean gutters and a

healthful city this summer might as

well be abandoned. The city council

has plighted its troth to the Town

Cow, and this is an end to all our

hopes. There will be few flowers,

and it will be next to impossible to

keep the streets and sidewalks clean.

If the people elect country connem-

to office, however, they will simply

have to put up with a country town.

Hereafter when any of the city

authorities desire information on any

profound subject they have only to

send to Jackson, Tenn., for it.

Jackson is such a large, up-to-date

city, and so far ahead of other cities

it makes a model place to emulate.

General Hughes has concluded from

his observations that two years is as

much as a soldier should be required

to spend in the Philippines. A great

deal less than that would suffice for

most people.

BIG PETITION.

MR. ARCH SUTHERLAND FILED

A PETITION IN BANKRUPTCY

LAST EVENING.

Mr. Arch Sutherland of the Ken-

tucky Glass and Queensware Co. last

evening through his attorney, Mr. Sam

Honston, filed a petition in bankrup-

cy in the United States court here,

giving his liabilities at \$16,000. The

debts were contracted a few years ago

when he was in business with Mr.

Will B. Webb, who filed a petition

some time ago and has just received

his discharge.

Among Mr. Sutherland's creditors

are: City National bank, \$3,025; Chi-

citizens' Savings bank, \$3,240; Ameri-

can-German National bank, \$540;

Mrs. John Webb, \$220; W. C. Ellis,

\$750; Will B. Webb, \$25; J. M. Por-

ter, of Cincinnati, \$1,800.

MADE A FAILURE.

MRS. MAY WANTED THE CHILD

BUT DIDN'T GET IT.

Mr. T. M. Miller returned from Mayfield at noon today.

Miss Maude Lemon returned from Mayfield at noon today.

Deputy U. S. Marshal G. W. Saunders returned from Mayfield at noon today.

Mr. John C. Gates, of Princeton,

AT "THE KENTUCKY."

There was a small but appreciative audience at The Kentucky last evening to enjoy the song recital by Miss Mary Linck, assisted by Mrs. Marie Hoover Ellis. Miss Linck is an Evansville girl of attractive personality, and has a voice of wide range, great power and brilliancy, and exceptional culture. She greatly charmed her hearers last night by her exquisite singing and fully demonstrated her ability. Miss Linck has sung in grand opera, and it is seldom that pianists have an opportunity to hear such fine music. Mrs. Ellis is a fine pianist of artistic taste and faultless execution. It is regretted that more were not out to enjoy the entertainment. The following program was rendered:

Piano solo—
a. Revolutionary Etude—"Chopin."
b. "Air de Ballet"—Chaminade.
Song—"Hesanna"—Granier.

a. Romance—"When all was Young," from Faust—"Gounod."
b. Aria—"Odon Farale," from "Don Carlos"—Verdi.

Piano solo—Polonaise from "Le Bal"—Bukacinski.
a. Ballad—"Go and Forget"—Adams.

b. Song—"O, Hear the Wild Wind Blow"—Mottel.
a. Southern Melody—"Mighty Lak a Rose"—Nevin.

b. Reunion and Air—"Thou Monstrous Fiend" from "Philo"—Decker.
Piano solo, "Rustle of Spring"—Sinding.

a. "Ave Maria," from "Cavaleria Rusticana"—Mascagni.
b. "Habenera," from Carmen—Bizet.

c. By Request, "The Song That Reached My Heart"—Jordan.

"Arizona" tomorrow night is going to be one of the drawing cards of the season. The sale today has been large.

AMONG THE SICK.

Deputy Sheriff Lyon is on the sick list.

Mr. James Skillian, of Broad street, is ill.

Dr. Cooley is out today after a several days' illness.

There is no apparent change in the condition of Mr. R. C. Utterback.

Captain S. J. Schroeder's condition is improving but he is not yet able to sit up.

The little child of Mr. and Mrs. James Utterback is quite ill from pneumonia.

Mr. Guy Randall is no better today. He still has a high fever and his case has developed into pneumonia.

Superintendent H. U. Wallace continues to improve and will be able to sit up in about three days. His father and mother will arrive in the city from Chicago this afternoon to visit him.

Mr. Will Tucker, the Illinois Central boiler-maker, who has been ill for several weeks of typhoid fever, is no better. His condition is serious.

Mrs. Mary Alexander is slightly better today. She has been ill for several days.
